

A Revealing Breakdown of Christ UMC's Giving Patterns (*last 12 mo.*)

October 2017-September 2018

As you consider your financial commitment to Christ UMC in 2019, I want you to see the breakdown of our contributors' giving patterns over the last 12 months. We call this a *Step-Up Chart*. The purpose of this chart is to help you see where you are with respect to your giving to the church, and encourage you to take a *step up* in your giving next year. For instance, if the 208 people who gave an average of \$5 per week over the last 12 months (\$260 annually) would step up and give an additional \$5 per week, that would increase our annual income by \$54,080. To provide a frame of reference for you, **that amount alone would almost fund our entire annual budget for children & youth ministries combined (\$70,000).**

God has so much in store for us as we look to the next year. As you determine the amount you will place on your 2019 Estimate of Giving Card this Thursday or Sunday, please consider taking a step up in your giving in 2019!

% change	-3.48%	-5.88%	-17.44%	-0.93%	9.33%	27.45%	0.00%	-9.18%	-1.52%	7.41%	31.25%	-10.34%	21.62%
